The Management Board of Bank Ochrony Środowiska S.A. of Warsaw (the “Bank”) announces that following the publication of the Act Amending the Act on Support for Distressed Borrowers who Incurred Housing Loans and the Business Crowdfunding and Borrowers Assistance Act (the “Act”), the Bank anticipates that as a result of loan payment holidays taken by eligible borrowers, its Group’s results for the second quarter and the full year 2024 will be impacted by an adjustment to the gross carrying amount of PLN-denominated mortgage loans amounting to an estimated PLN 7.6 million.

These estimates will be updated to reflect the actual level of borrowers’ interest in suspending their loan payments, the timing of clients’ payment holiday applications, and the base rates affecting the amount of deferred payments.
